Joint Health and Safety Committee Positions – Candidate Information

Candidate Name: Curtis Chaperon

Position Nominated for: Joint Health and Safety Committee (Main-Site Rep)

1. Why do you want this role?

I want to be part of the Joint Health and Safety Committee because I believe maintaining a safe and healthy work environment is essential for all employees. With my years of experience in the laboratory setting, I understand the importance of following safety procedures, identifying potential hazards, and promoting safe work practices. I would like to contribute to improving workplace safety and ensuring that employees feel their concerns are heard and addressed.

2. What makes you the best candidate for this role?

I have gained valuable knowledge of the workplace and have built connections across different floors and departments. This experience has given me a broad understanding of the work environment and the importance of teamwork, communication, and safety. I am familiar with the demands of the laboratory setting and understand the importance of protecting both employees and patients.

3. What experience, knowledge, or skills would you bring to the role?

I would bring 22 years of laboratory experience, a strong understanding of laboratory safety practices, and 10 years of firsthand experience at HSN. Having worked with teams across different floors, I have developed an appreciation for the different challenges employees face in their work environments. I would bring a practical, observant, and team-oriented approach to identifying potential hazards, communicating safety concerns, listening to coworkers, and supporting solutions that promote a safer workplace for everyone. I am committed to learning, collaboration, and helping maintain a culture where health and safety are a priority.
